

Minutes to be approved at May 7, 2012 meeting

Central Beaverton NAC Minutes for April 2, 2012

ITEM DISCUSSED: Tualatin Valley Fire & Rescue

Discussion points: March activity

In the month of March the calls list records in our NAC area:

7 - Fires

121 – EMS calls (i.e.: chest pains, abdominal pains, back pain)

6 – Hazardous conditions (i.e.: hazardous spills, car wrecks)

6 – Other (i.e.: alarms, misc. fire calls, downed power line)

TVF&R has been extremely busy; they respond to more than 3500 calls a year PER RIG!

They also noted that they are busier with car crash calls in the summer than the winter; they feel people do not pay attention in the summer. Folks do not pay attention to road conditions, speed, and pedestrian crossing/walking.
